Waterproof mortars - Rapid-setting mortars

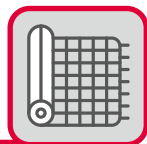

CODE	PRODUCT DESCRIPTION	CONSUMPTION OUTPUT	PACKAGING CONTENT	kg/PALLET	HS CODE
	BI MORTAR CONCRETE SEAL CEMENT-BASED WATERPROOFING COATING APPLICABLE BY BRUSH > Suitable for both indoor and outdoor application > Particularly resistant to abrasion and impact > Suitable for continuous contact with water > Easy maintenance , also in conditions of high humidity and closed environments  UNI EN 1504-2 PRINCIPI PI, MC e IR				
	IL04	BI MORTAR CONCRETE SEAL	2,5~3,0 kg/m²	BAG kg 20	1200
	BI MORTAR RASO SEAL LEVELLING FIBRE-REINFORCED WHITE COMPOUND WITH WATERPROOFING AND FINISHING FUNCTION > Good surface finish thanks to its fine grain size > Waterproof levelling compound also suitable in conditions of negative hydraulic pressure > Excellent adhesion on most types of substrates such as concrete, mortar, stone, brick > It simplifies and reduces the application phases as it evens out and waterproofs in a single application				
	IL07	BI MORTAR RASO SEAL - 20 kg powder + 5 kg liquid component A: cod. ZIL01 20 kg powder component B: cod. ZIL1 5 kg liquid	1,85 kg/m² each mm of thickness	BAG + PAIL kg 25	1500
	BI MORTAR PLASTER SEAL FIBRE-REINFORCED WATERPROOFING PLASTER > It simplifies and reduces the application phases as it evens out and waterproofs in a single application > Also applicable on uneven surfaces > Excellent adhesion > Excellent resistance to negative pressure  UNI EN 1504-3 CC R3				
	IL01	BI MORTAR PLASTER SEAL	18 kg/m² each mm of thickness	BAG kg 25	1200
	BI MORTAR LEVELLING SEAL CEMENT-BASED READY-MIX, SELF-LEVELLING, POURABLE, HIGH ELASTIC MODULE > Waterproof > High mechanical resistance > Good levelling properties > High resistance anchorings  UNI EN 1504-3 CC R4  UNI EN 1504-6				
	IL10	BI MORTAR LEVELING SEAL	19 kg/m² each mm of thickness	BAG kg 25	1200

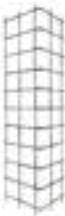

Waterproof mortars - Rapid-setting mortars

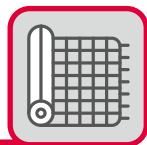

CODE	PRODUCT DESCRIPTION	CONSUMPTION OUTPUT	PACKAGING CONTENT	kg/PALLET	HS CODE
	BI MORTAR ULTRA SEAL THREE COMPONENTS EPOXY-CEMENT BASED WATERPROOF SKIM COAT > High adhesion on a variety of substrates > Compatible with subsequent coatings > Improves substrate preparation > Application versatility				
	IL11 NEW BI MORTAR ULTRA SEAL - 2,2 kg liquid + 8,2 kg liquid + 9,6 kg powder component A: cod. ZZIL11_0 2,2 kg liquid component B: cod. ZZIL11_1 8,2 kg liquid component C: cod. ZIL11 9,6 kg powder	1,5 kg/m ² each mm of thickness	BAG + VASES KG 20	-	39073000
	I-PLUG ULTRA-RAPID WATERPROOF MORTAR > Excellent waterproofing > No shrinkage > Instantaneously block water flows , even if pressurised > High mechanical resistance				
	IC186 I-PLUG	10 kg yields 6 liters of mortar	BAG kg 10	800	38245090
	TAP 3 WATERPROOF QUICK-SETTING HYDRAULIC MORTAR > Excellent waterproofing > Rapid-setting > No shrinkage > High mechanical resistance				
	IC181 TAP 3 - 5 kg	5 kg yields 3 liters of mortar	BOX kg 5	600	38245090
	TAP 3 WATERPROOF QUICK-SETTING HYDRAULIC MORTAR > Excellent waterproofing > Rapid-setting > No shrinkage > High mechanical resistance				
	IC182 TAP 3 - 20 kg	20 kg yields 12 liters of mortar	PAIL kg 20	600	38245090
	SPIDY 15 WATERPROOF QUICK-SETTING MORTAR > Good finish results > High adhesion to concrete and reinforcement bars > Rapid-setting also on surfaces and in particularly damp environments > Excellent thixotropy that does not require the use of formwork				
	FH01 SPIDY 15	19 kg/m ² each cm of thickness	BAG 15 kg	1200	38245090

The company

Established in 1976, after forty-five years of activity, **Volteco** is today a provider of waterproofing solutions for the construction industry. **Volteco** works with passion and commitment on both national and international fields, for companies, through a network of distributors and applicators, cooperating with designers. Choosing **Volteco** means preventing, or solving, the problems caused by water.

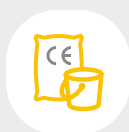

Volteco solutions are in fact designed to meet specific needs based on different field of applications:

- Waterproofing of basements;
- Waterproofing of pools and tanks;
- Waterproofing of terraces and flat roofs;
- Treatment of damp walls;
- Facade restoration.

Thanks to a complete service consisting in technical expertise, professional approach and a trained and constantly updated installation network, **Volteco** offers personalized advice at every stage of the construction process. **Volteco** is a specialist in his field, the Specialist of Waterproofing!

WHAT CAN WE OFFER?
